LOCAL PRISONER WIRES FEDERAL OFFICER ON WIFE'S NAME FOR R'WARD

Sheriff Jones Arrests Roy Ashley of Louisiana For Passing Worthless Checks Written on Local Bank—Had Escaped as Trusty and Wanted By Federal Authorities.

Sheriff Joseph C. Jones of Hancock county holds in the county jail in this city, Roy Ashley, aged 34, a federal prisoner, for whom officers have been searching for nearly two years, maintaining his residence about thirty miles from here, south of the New Orleans bend on the Old Spanish Trail, as a filling station operator and enjoyed his freedom until last Thursday when he was arrested by Sheriff Jones on a charge of passing worthless checks.

Held on Charge Worthless Checks.

Ashley paid Jones a check on the of the Bay St. Louis banks in amount of \$24.50 for automobile license, and when he went to realize on the check it was turned down and declared worthless. This check, with another for another party, the Sheriff holds, and as Ashley is a war veteran and vocational pensioner, and is due two years pay amounting to \$600.00, Sheriff Jones stated to the Echo, he will hold his prisoner here until this money is forthcoming and the two worthless checks made good. Assurance from the Veterans' Compensation Bureau was received.

It was stated in the early press that Ashley's wife has telegraphed to federal headquarters for using the "My husband, Roy, is in jail at Bay St. Louis. He is wanted in California, too. I am through with him. I hereby claim all rewards offered," which was thought to be true at the time, but since then Ashley told Sheriff Jones that he sent the telegram without his wife's knowledge. The jig was up and he wanted Roy to have the money. This telegram was addressed to W. A. Fairer, United States Marshal, at Shreveport, La.

Story of Ashley Revealed.

Ashley, in the county jail here, admitted to a department of justice agent that he was the federal trusty in the Caddo parish jail at Shreveport, La., who on May 19, 1928, left without permission and failed to return. He is now held for government authorities.

At the time of his escape Ashley had to serve only a few weeks for the passing of a check for \$24.50. He was facing the beginning of a two year term in Atlanta penitentiary on a charge of violating the Dyer automobile theft act imposed in federal court at Little Rock, Ark.

Ashley won his trust in prison at Shreveport by interest taken in religious activities. He attended the Bible school, published a weekly sheet called the "helping hand," and devoted much time to religious work among his fellow prisoners. Then one day he disappeared.

His whereabouts were unknown until a telegram was received by W. A. Palmer, federal marshal, as related above.

Ashley had leased the filling station known as Kellar's, above the Turtle Skin section and located slightly on this side of the big turn of the Trail leading to New Orleans.

When seen in the local jail here he expressed himself in a matter of fact manner, seemingly nonchalant of his plight, and resigned while awaiting further developments.

RETURN FROM AUTO TRIP OVER PARTS OF STATE AND ALABAMA

Dr. and Mrs. D. H. Ward and family have returned from an extensive trip over the northern and central portion of the State and journeyed to Alabama in a circuitous trip before returning home, covering some eleven hundred miles.

The main objective was a visit to Booneville, Miss., where the party visited at the home of the Doctor's venerable father, and also stopping awhile with relatives at Lumberton, Miss. Dr. Ward reports a delightful trip even though in midwinter. He says he found roads in both States as a whole in good condition. He found the country normal and talked with many people who saw the outlook for immediate betterment.

SHERIFF JONES GIVES TIMELY WARNING TO VISITING AUTO OWNERS

Sheriff Jos. C. Jones, who upholds the law at any and all times and who administers his services with an equal tact and reasonably possible, calls attention to automobile owners visiting to the fact that an out-of-State license is only good in Mississippi for a period of thirty days, and no longer, and that in many cases this law of the State is going to be rigidly enforced. Also a number of residents in the county are still without licenses, and are liable to arrest and fine. Sheriff Jones is expected to report the full penalty is going to be exacted.

LAY WATER MAINS ON 2 STREETS

City Places Pipes and Fire Plugs—Other Mains To Be Laid in Near Future

About 2400 feet of 4-inch water mains have been placed on North Beach Boulevard beginning at Elmwood, the summer place maintained by the Saenger Amusement Company and extending northward to the Benvenutti place. The work on laying these mains was completed about two weeks ago.

At present the city is laying about 2000 feet of 4-inch mains on Carroll avenue, beginning in front of the Dr. Jansen home and extending to Dunbar avenue. This work will be completed in about a week.

There is yet some other water mains to be laid in the near future but the city will not begin work on them until the work on Carroll avenue is finished.

A number of fire plugs have been set along the line of the new water mains, these plugs being from 400 to 500 feet apart.

SILVER FOOTBALL BELONGS TO BAY HIGH SCHOOL TEAM

Winner of Coast Region Championship in Class B Receives Trophy Award

A large silver football was presented to the Bay St. Louis high school football team Thursday morning of last week at the chapel hour, Prof. S. J. Ingram, superintendent and member of the executive board of the Coast region, making the presentation, and Malcolm Coward, captain of the team, accepting it on the part of the team.

This award came to the Bay high team as winners of the Coast region championship in class B. It will be kept permanently by the school.

This is the second year the Bay high football team has won the silver trophy.

PASTOR OF CATHOLIC CHURCH SPEAKS ON IMPORTANT SUBJECT

Rev. A. J. Gmelch, pastor of the church of Our Lady of the Gulf, chose for the subject of his discourse Sunday a serious and vital subject, that of the manner of marriage.

He deprecated the manner in which couples too often presented themselves to be married, apparently on the moment, without preparation and due notice to the church, even though armed with the license of the State.

He said the State had laws, which had to be observed under penalty of law; that the church, too, had its laws which were enforced by persuasion and a matter of conscience, but even then the church would violate none of its laws, not even that of State, and it was inexcusable and without reason for couples to appear for marriage without proper notice, preparation and general regard for the fitness of things.

MISSIONARY SOCIETY HELD MEET TUESDAY

Fifteen members of the Woman's Missionary Society of the First Methodist Church braved the heavy rains of Tuesday afternoon and attended the regular meeting of the society held at the church. Mrs. E. S. Drake presided. Due to the absence of several of the newly elected officers who were detained because of the inclement weather, the officers were not installed as had been planned. This ceremony will be observed at the next meeting, it was said.

ERROR IN DATE

In the story in last week's Echo telling of the report of the chancery court, A. G. Favre's report, there was a regrettable error in date. The date of his report should have shown from September 4 to December 31, whereas the story stated from September 30 to December 31.

CHANCERY COURT DEGREES GRANTED LAST WEEK'S TERM

Number Divorces Granted; Land Titles Are Cleared—And Other Matters Are Handled

Divorces granted during the January term of chancery court held last week at Bay St. Louis with Chancellor D. M. Russell presiding, include the following:

Whites: Frederick Grunberg vs. Josephine Grunberg; Leo Carver vs. Audrey Carver; Henry Wood vs. Milly Wood; Anita Pucheu vs. Chester Pucheu; Elsie Perry Wainwright vs. David H. Wainwright.

Negroes: William H. Puckett vs. Georgia Puckett; Sally Higgins vs. Paul Higgins.

A number of titles of land were cleared by degrees granted. Several deeds of trust were closed legally by decrees.

T. U. Sisson was appointed official court stenographer for this district. The Pearl River Transportation Company corporation was dissolved by decree.

EXAMINATIONS IN PROGRESS THIS WEEK IN BAY SCHOOLS

Uniform Tests for Grades in Three Schools Innovation, Prof. Ingram States.

Mid-term examinations in the three public schools of Bay St. Louis are in progress this week, beginning Wednesday and continuing through Friday in the high school and Thursday and Friday in the grades, according to an announcement made by Prof. S. J. Ingram, superintendent of city schools.

An innovation in conducting exams in the grades from the second through the fifth is found this year by having uniform tests given these grades in the three schools. The teachers of the same grade from the three schools came together and consulted and made out their exam questions. At the superintendent's office these questions were mimeographed for the use of each student and at the same hour the pupils of similar grades will be taking their exams.

All examination questions have been mimeographed for every student in the city schools and copies of these tests are presented to the pupil when he enters the classroom for the test, thus saving time in writing questions on the board and also making it more convenient for the pupil.

Mr. Ingram explained that four major types of questions are being used, these tests spoken of as the objective tests, namely, multiple answer, completion, matching and fact questions.

APPOINT MEMBER OF BAY SCHOOL BOARD

The city commissioners at the regular meeting Monday reappointed Sylvester L. Toquet as member of the public school board of trustees, for a term of five years. His term expired January 1.

The five members of the school board are each named for five years, an appointment being made each year. Other members of the board at present are: Donald Marshall, president; Chas. Mitchell, M. L. Ansley, and Dr. James A. Evans.

MONTHLY PROGRAM INTERESTS

Environment and Thrift Are Subjects of Central Parent-Teacher Meeting

An unusually interesting meeting was held Tuesday of last week by the Central Parent-Teachers Association in which the subjects of Environment and Thrift were featured.

Miss Rebecca Nelson of the school faculty, led the discussion on environment using for her subject, Charm of Good Living, emphasizing the value to child of environment both at home and abroad, showing wherein art, music, reading each have their place in forming the child's tastes. Two of Miss Nelson's pupils gave talks, Dorothy Wells discussing Environment of Home and Edna Blackman, Good Reading Hints.

Following these talks a general round table discussion resulted. Mrs. Marshall Ballard told of family group reading, giving her experience with her children in the use of the library. Mrs. H. U. Canty talked of reading in the home and with the children. Miss Bessie Givens discussed making reading lists for the high school and Miss Lavinia Saucier discussed reading lists for the first and second grades.

The Thrift program was given by the seventh and eighth grade pupils under the direction of Miss Oleah Mauffray and Miss Winnie Lee Young. Three papers were given, Caroline Ballard's subject being, Thrift in the Home, David Griffith, Thrift in the School, and Terence Ansley, Thrift in School Government.

Six of the girls, Ethel Fayard, Marion Ingram, Eunice Toea, Margaret Guiterrez, Alice Flynn and Zola Osborne, spelled Thrift.

Two piano solos were played, Burr Marshall and Mary Catherine Evans entertaining.

A pleasant inspection visit was made by the P. T. A. members to the recently completed rest room which was done under the supervision of Miss Nelson and her pupils, the P. T. A. furnishing the materials for the furnishing of the room, which is fitted attractively with cot, mirror, medicine chest and draperies at the windows.

DONATIONS HAVE BEEN RECEIVED FOR HOSPITAL

A Total of \$31 Is Acknowledged For Building Fund Bringing Grand Total To \$1337.

The fund which was started some time ago for the construction of a hospital building to house the King's Daughters Emergency Hospital is gradually growing with donations received from time to time. Recently three contributions have come in which Mrs. A. F. Fournier, president of the King's Daughters Circle, and treasurer of the special fund, reports as follows:

Previously acknowledged \$1306.00
Mrs. Geo. W. Law of Lake Charles, La. 5.00
Mrs. F. 1.00
Bay St. Louis Fire Co. No. 1 25.00
Total to date \$1337.00

MANY GUESTS AT OYSTER SUPPER SERVED AT KILN

Menonite Colony Have a Get-Together Supper and Spend Delightful Evening

The Menonite colony in and around Kiln enjoyed a most delightful evening Monday at the residence of John Hostetter, one of the leading lights of those industrial and earnest workers who are welcome to this country and are fast adding to number of those who are wont to call pioneers.

The occasion was an oyster supper, served at the residence of Mr. Hostetter and to which there were seventy-four guests, and served as an occasion for a point of contact and get better acquainted.

It is noted with interest the colony have come into Hancock County and entered upon a program of agricultural expansion that calls for not only intense farming but a thorough development of possibilities along poultry and live stock raising. In time this colony will become quite a part of the economic success of Hancock.

BAY ROTARIANS JOURNEY ACROSS TO PASS CHRISTIAN

Local Wheelmen Guests of Rotes of Classic City—Lee Guice Principal Speaker

Bay St. Louis Rotarians journeyed across the Bay bridge to the classic city of Pass Christian, "Nature's Gift to the Coast," Tuesday noon and members of the clubs assembled, broke bread together, enjoyed both a pleasant and profitable meeting and thereby a "Tale of Two Cities."

Bay members were warmly welcomed and that cordially proverbial when entering and crossing the threshold of the Miramar. Father Leech, president, and Adlai Lang, secretary, and other luminaries of the Pass Club were uniting in receiving the guests and soon fellows of the two clubs felt like members of one big family.

The Miramar served a select luncheon, both in variety and abundance, the one long table set in U shape, with seventeen guests from this city present, this attendance notwithstanding the inclement weather.

Hon. Lee Guice, well-known coast attorney residing at Biloxi, was the speaker for the occasion and took for his subject, "The League of Nations," the day being the 10th anniversary of that organization. After a few facetious remarks, the speaker entered upon his subject as briefly as possible and held the attention of the hearers for about thirty minutes. The high spot of his talk, in favor of the world pact, was that if this nation desired for the permanency of peace it was essential and fundamental that we must first have the balance of the world at peace.

C. C. McDonald, president of the Bay Club, acknowledged the appreciation of the courtesy extended the local club by the Pass Club and fittingly expressed thanks.

LANDMARK BURNS

The Methodist Episcopal Church, South, at Pearlpoint, was destroyed by fire last Sunday morning following Sunday School classes. The building was over fifty years old, and cause of fire was a defective flue.

P. T. A. MEET TO BE HELD ON CHARGE AT BAY HIGH OF FRAUD

Saturday, March 8, Is Date Set For Annual County Rally of Parents and Teachers

Bay St. Louis P. T. A. will be hosting this year to the county rally of convention and the date set for this meet is Saturday, March 8, according to an announcement made by Mrs. C. C. McDonald, county chairman. The convention will be held at the Bay Central high school and will begin about 10 o'clock, and continue through the day until the middle of the afternoon. Lunch will be served at the school cafeteria with Miss Rebecca Nelson, home economics teacher, and her girls in charge.

Plans for the meet and the program have not been formulated but will be in a short time. Mrs. McDonald planning a meeting in the near future of the hostess committees of which Mrs. James A. Evans, president of the Central P. T. A. will be general chairman, to meet with the county officers.

It is hoped to have the district chairman, Mrs. A. E. Favre, and the state first vice-president, Mrs. J. A. Weaver, both of Gulfport, present for the meet.

FORTH COMING MINSTREL BENEFIT IS ANTICIPATED

Forthcoming minstrel benefit performance, by local talent and to be given by the Bay St. Louis Rotary Club, benefit night school fund, already claims much interest.

Coach from the Wayne P. Sewell Producing Company of Atlanta will reach here this Saturday night and on Monday it is expected the cast will be organized and rehearsals begun. This performance will be presented on the first Tuesday evening of February, the 4th, at public school auditorium, one night only, and it is easy and safe to predict will play to a full capacity house.

Free night school sponsored by the Bay St. Louis Rotary Club is well worthy cause and it is confidently expected the city and county will well come to the rescue of the benefit and vouch for the success of same.

MRS. FANNIE ISADORA GREEN DIES TUESDAY

Mrs. Fannie Isadora Green died Tuesday afternoon, 3:30 o'clock at her home at the age of 66 years, she having been born in New Orleans in 1863. Mrs. Green moved to Bay St. Louis 22 years ago and lived here since that time. She was well beloved by a large circle of friends. She had a sweet disposition, was kindly in attitude and was devoted to her home and family.

She was taken ill January 3 with pneumonia and suffered with heart trouble to which illness her death is attributed. The funeral was held Wednesday afternoon, 3:30 o'clock, at Our Lady of the Gulf Catholic church of which the deceased was a faithful communicant, Rev. Father Leo Fahey conducting the service, and interment was at the cemetery at Lake Shore.

The deceased is survived by two sons, John and Willie Green, three daughters, Miss Martha Green, Mrs. Bartholomew Spotorno, Mrs. W. E. Marquez, all of Bay St. Louis, 14 grandchildren, 10 of whom live here and three in New Orleans.

BARN DANCE SAT- URDAY, JANUARY 25

There will be a barn dance given Saturday night, January 25, at the W. O. W. Hall in which all who attend are asked to wear overalls or aprons. A good jazz band will furnish the music. An interesting part of the announcement for the dance states: "The Lady of Mystery will answer three questions free to any one who enters the Hall."

BAPTIST MISSIONARY SOCIETY OFFICERS

The 1930 officers elected recently by the Woman's Missionary Society of the First Baptist church and installed in office included: Mrs. W. S. Speer, president; Mrs. J. C. Bryan, vice-president; Mrs. F. A. Wright, secretary, and Mrs. W. O. Sylvester, treasurer.

No Water Main Frozen

No water mains of the city water-works department were frozen during the recent severe cold weather, according to city officials. Many pipes to homes and business houses which were not protected or not drained preceding the cold of Saturday night, were found frozen Sunday morning and many of these in thawing out, burst, causing unpleasantness and the need to call plumbers.

As one friend was heard to say: "This cold is good for the plumbers but the trouble is everybody wants the plumber at the same time."

DEPUTY SHERIFF OF HARRISON ARRESTS LOCAL RESIDENT ON CHARGE WITH SELLING AND FAILING TO DELIVER

Clarence S. Newman recently arriving in Bay St. Louis, accompanied by his wife, was arrested here during the week by Deputy Sheriff Van Zandt, of Gulfport, Harrison County, on a warrant charging Newman with receiving money under false pretenses and was taken away on that charge and from last report was languishing in the Harrison county jail in default of bail.

It is charged Newman was soliciting orders for an arrangement which when dropped into a bath tub or other water receptacle would heat the water and sold it as a hot water patent, demanding and collecting an initial payment. It is further represented by Newman, it is said, the order was sent into the manufacturer and later the buyer would receive the article purchased. It is claimed by the complainants no deliveries were made after waiting for weeks.

Wanted On Other Charge.

Chief of Police Mark Oliver a week or two since received a telegram from headquarters of the Indiana General Motors Finance Office of that State to arrest Newman on the charge of having removed an auto from one State into another, unfettered payment on car unsatisfied.

Not knowing Newman was residing here and unable to locate him he did not land his man until the deputy sheriff from Harrison county made his appearance and together they found Newman.

The car, a Buick model with Indiana license, was located and taken into custody and is at present at one of the local garages and local authorities awaiting further orders from Indiana.

Newman was residing in one of the Odom Cottages in Carroll avenue.

PROMINENT CITIZEN OF PASS CHRISTIAN TELLS OF OTHER DAYS

Hon. E. J. Adam, Sr., president of Harrison County Board of Supervisors, and father of Lt. Gov. Bidwell Adam, was quite demimonde the other day to a representative of The Echo. He is not as old as he might be taken for neither is as old as he may seem, but has been here long enough to remember the time when Pass Christian was one of the most important business points in Mississippi. It was the center of all trading, he says.

"All roads led to Pass Christian in other days," he said. The former Coast Beacon newspaper, which accounts for the name "Beacon" selected for that newspaper. A copy came into his possession not long ago, he says, in which one of the outstanding items of news was that shipment of cotton from the interior was coming in briskly and heavily. Cotton, wool and other products of the kind were shipped to Pass Christian from the interior as far from that section now known as Hattiesburg, also from New Augusta and Poplarville. From the eastern portion of the State the main road, Howard avenue in Biloxi today, was called the Pass Christian Road and shippers by wagon used this avenue to get to the Pass. From Hattiesburg section, he said, it took some three days to make the journey. In Hattiesburg he remembers it as a place of only three houses.

So important a trading point was Pass Christian, he says, that the main store, that of Rhodes & Co., employed twenty-seven clerks. This is according to his own recollection. Buyers from New Orleans journeyed to Pass Christian in those days, as well as from Mobile to a certain extent, and purchased the staple products.

What brought this commercial flourish to a stop he was asked, in response to which he said the Building of the Northeastern Railroad absorbed all Coast shipments and opened a territory with New Orleans as the gateway. This changed the tide of things and there was nothing to stem it.

THERMOMETERS ARE GIFT TO SCHOOLS

Henry Osoginach of the Bay Mercantile Company presented to the city schools of Bay St. Louis thirty thermometers, one for each room in the three public schools. The gift was made Monday morning and each room received its individual room thermometer soon after the gift.

These are much appreciated by the school as they enable the teachers to judge the temperature of the room for the best advantage to the student.

Within the last month or two there has hardly a day passed that the papers do not carry accounts of bank presidents and cashiers committing suicide, and in the majority of cases their acts of self-destruction has been attributed to losses sustained with bank funds in Wall Street.

Senator Pat Harrison is due all credit for defeating an increase in the present tariff rate on sugar, despite the efforts of the Republican members of the senate finance committee. If the measure is finally adopted, the sweetening for our coffee will cost no more in the future than it does now.

The appropriation made by Federal government for eradication of the Mediterranean fly which caused such damage to the citrus fruit industry of Florida the past season has been exhausted and the effort to check further spread of the pest must now wait until a few more millions of dollars is appropriated to carry on the work.

The vegetable growers at Crystal Springs were hit hard by the severe cold weather during the past week and most of their "truck" will have to be replanted. However they have experienced such losses several times in past years and are not discouraged. Carload shipments of cabbage, beans, tomatoes will be just a little late, but they expect to reap large profits therefrom as in former seasons.

It is amusing to read the frequent outbursts of old Tom Hefflin, who hates the Catholics more than the devil hates holy water, but his latest vicious attack on the Pope is enough to make the angels weep. The Holy Father issued an encyclical a few days since in which he expressed disapproval of co-education, and old Tom lost no time in declaring that it was an attack on the public school system of this country—and that, too, when no mention in the statement had any reference whatever to the public schools here or abroad. However, nothing that the doughty Alabama senator says carries any weight, and our purpose in even referring to the matter is to let our readers know what an ass old Tom makes of himself whenever he brays.

DON'T FORFEIT RIGHT TO VOTE.

The past twelve months have not been prosperous with a great majority of the taxpayers of Mississippi—indeed the fact must be acknowledged that it has been "a lean year"—and many of them are now at their wits' end to gather together enough money to pay their taxes, which the law requires must be done on or before the first day of February. If not paid by that date they become delinquent, damages are added and they forfeit the right and privilege to vote in any election that may be held during the year.

"CUSS WORDS" AND W. K. HENDERSON.

Of course it is not very nice to use "cuss words," but The Echo thinks the attack made on W. K. Henderson, owner of a Shreveport radio station, by Senator Dill is actuated by motions other than the senator's desire to purify the etherial waves. However, he is not honest enough to admit that such is the case. No radio fan is compelled to tune in on Henderson's station unless he or she wishes to do so. The gravity of Henderson's offending in our opinion is not a matter of such serious concern that it is necessary for either the congress or the national radio commission to waste time in an effort to punish him by depriving him of his license to operate his "Hello, World," station.

SPEEDY ACTION NECESSARY.

Two bills have been introduced in the legislature seeking an extension until April 1st in which to pay 1929 taxes, and if either bill is passed it will not only be an accommodation to many taxpayers who are sorely pressed financially just at this time for funds to pay their taxes but it will be an exhibition of the proper spirit on the part of our lawmakers.

"As the Jackson News" said a few days since, "a sixty day extension of time would not seriously hurt the state treasury, and it would be a veritable Godsend for those who now face the danger of delinquency and its consequent penalties."

The time to enact the measure is very short, and The Echo sincerely hopes for speedy action in the matter.

PROHIBITIVE AND CONFISCATORY.

Records in the office of the State tax commission show that Pontotoc county's tax levy amounts to 80 mills and in certain taxing districts of Smith county the tax rate ranges from 70 1/3 mills to 132 3/4 mills. Can there be any excuse for such levies—can they be explained on any other theory than that the aforesaid counties' administrative affairs are in the hands of incompetent officials? Such tax levies are not only prohibitive but are confiscatory. They spell the absolute bankruptcy of the taxpayers in a few years and give the counties the most hurtful publicity imaginable. However great the natural advantages they may possess in the way of fertile soil, health, etc., no outsider could be induced to take up residence in them, and capital seeking investment in any line of business or industry could not risk locating within their borders.

LOSING SELF-RESPECT AND PERSONAL LIBERTY.

Up in Washington there is a lively fight in progress among the "wets" and the "drys," and all caused by the report made by President Hoover's law enforcement commission.

Congressmen and senators who espouse the cause of prohibition claim that the Eighteenth Amendment and the Volstead Act have done much toward decreasing crime and lawlessness and that the country has profited greatly during the ten years in which the "noble experiment" has been in operation. On the other hand, exponents of the opposite view are equally as vehement in their assertions that it has been productive of more harm, more crime and the destruction of respect for law and order in the past ten years than all other causes combined. And there you are!

Not since our government has been in existence has there ever been a question which has caused more discord among the masses than that concerning the Eighteenth Amendment and the Volstead act, and that discord will exist until they are wiped from the statute books or modified to permit the manufacture and sale of intoxicants under strict governmental regulations.

No one, not even the most rabid and zealous anti-prohibitionist—hope for a return of the old-time open saloon. Yet with all its evils, was it not preferable to the presence of the bootleggers and speakeasies which may be found in every community dealing out moonshine poison to the youth of our country, and, alas, too often, bribing law enforcement officials in order to secure protection for this nefarious business.

The whole question is one susceptible of solution, but it cannot, and will not, be solved as long as the advocates on either side of it are not willing to discuss it in a rational manner, and at this stage of procedure there is small hope of their working for a solution of the matter. In the meantime the country will continue to witness an ever widening breach between that element of our citizenship which has respect for law and order and that element which believes our country's constitution guarantees to every man a degree of personal liberty which no statute enacted by congress can abridge or take from him.

A BABEL OF LAWS IN MISSISSIPPI.

The Mississippi code commission has completed its job and if the legislature follows the commission's suggestions some 2500 useless and obsolete sections of our statutory laws will be repealed.

Commenting on the work of the commission, the Jackson Daily News says:

At present our statutes are in a state of confusion.

Nobody knows what the law is—not even the lawyers or the jurists.

The antiquated statutes should be stricken out, and the code brought down to the lowest practical minimum.

We have more laws than we know what to do with.

Our law obse-vance is confined chiefly to those statutes that will put you in the penitentiary if found guilty of non-observance.

If all of the laws now on the statute books of Mississippi were rigidly enforced, most of us would be in jail by nightfall.

Three eminent jurists have revised the code, and it is safe to assume that they have made it a thorough job.

Get rid of the useless laws, and mebbe some day the lawyers, and even the jurists, may find out what the law really is.

DAIRY IN STATE AND THE GULF COAST

Almost without exception the Mississippi papers coming to The Echo's exchange table tell of the growing interest in all parts of the State concerning development of the dairy industry. Wherever creameries, cheese factories and milk stations have been established there is already evidence of prosperity among the farmers, who have good herds of milch cows. As time goes on and the number of better grade cows are added to by the introduction of thoroughbred sires the profits from such herds will increase.

So far The Echo has not heard of any steps being taken in our immediate Gulf Coast section looking to the establishment of dairies or any progress being made toward improving the grade of cattle which now make up the farmers' herds in this section. Of course the latter move is the very first step to be made, for without cows possessing known and proven butter fat qualities there can be no expectation or hope of profit in the dairy industry.

ATTORNEY CARL MARSHALL'S SPLENDID WORK.

By the time the committee investigating the State highway department completes its work the people of Mississippi will be convinced that Governor Bibb knew what he was talking about when he said that an investigation was needed.

To date evidence has been secured that a considerable amount of funds handled by the commission has been unaccounted for and other monies deposited in the personal bank account of one of the commissioners.

Our own Carl Marshall is the committee's attorney and the manner in which he is conducting the inquiry is additional proof that he is one of the best and shrewdest lawyers in all Mississippi. He has devoted months of painstaking labor in scrutinizing the expenditure of every dollar made by the commission as a body, as well as that expended by each individual member thereof.

SHOULD BE ENACTED

In another column The Echo gives space to a Washington telegram announcing the introduction of a uniform Federal law to regulate marriage and divorce in place of the different state laws now on the statute books.

Such a law should be enacted, as every one who has had occasion to observe what has been going on in this country in the matter of marriage and divorces during recent years must admit the need of such a law.

THE BANK GUARANTY LAW

For several years past, the banking fraternity of Mississippi has felt the need of a change in the present bank guaranty law, and a determination effort will be made during the present session of the legislature to secure such changes as will suit the banking interests. The guaranty law when first enacted was believed to be as near perfect as it was possible to make it but it has not so proven in its operation.

The New Orleans Item in a recent editorial comment on the subject has the following to say:

Mississippians continue to agitate against their in effective bank-guaranty law. We commented a few days ago on some conditions developing under the act.

"Banks not in a strong condition," says Lieutenant-Governor Adam, "should be compelled to tear down misleading signs indicating to the average citizen that the State of Mississippi is guaranteeing their funds. This is almost a deception."

Mr. Adam advocates a survey by an impartial banker to advise the Legislature on a thorough-going revision of the State's banking laws. "Inspection of all banks should be made and every piece of questionable security taken out of the system as desire to condemn individuals, he adds, "we know there is something wrong with the system, or the management of the system, because we read of too many bank failures."

The Superintendent of the State's banking department recently reported that more certificates are now outstanding against deposits lost in bank failures than the revenues of the guaranty fund, at the present rate, could retire in 20 years, even if no further failures occur in that period.

KICK THEM ALL OUT

Senator Simmons, of North Carolina, offer for reelection on the Democratic ticket.

Senator Simmons is the senile old gentleman who bolted the Democratic party in the last presidential campaign and openly supported Hoover.

And now he has the audacity, or feeble-mindedness, to believe that he can again be elected as a Democrat.

The party organization in North Carolina should show its intestinal stamina, just as did the Democratic executive committee of Alabama in the Tom Hefflin case, and tell Senator Simmons that he cannot run as a Democrat.

Also, the same notice must be given to certain Democratic officers in Mississippi who failed and refused to support the Smith and Robinson ticket, working either secretly or openly against it.

Even though he is aged and infirm and empty of purse—that's the way he describes himself—there should be no political forgiveness for Simmons. He deserted the party in the most disgraceful manner, since reconstruction days, and should therefore pay the penalty.—Jackson Daily News.

HOPE ETERNAL

Not all faith is beautiful. Some of it is tinged too strongly with feeble credulity. This may apply to faith in one's fellow man. Consider the case of the Cincinnati worker who had an incurable ailment and \$4,900, the latter his life's saving. A gypsy girl learned of the ailment, and the bank account. She told him that if he would get the money, she would bless it and banish the ailment. He believed. He got it and gave it to her. He isn't likely to get it back, but his ailment remains with him. This particular swindler is old, the story older. Uncounted thousands of the afflicted have been imposed upon and defrauded in similar ways by charlatans, thieves, and fraudulent apostles. Theirs is the faith of ignorance, the credulity of hopefulness.—N. O. Tribune.

DO NOT LOSE YOUR VOTE.

Every taxpayer in Mississippi, who can possibly do so, should qualify himself or herself to vote in every election which may be held. There is only one way it can be done—and that is pay all taxes assessed against them on or before February 1st. Only a few days remain in which it can be done.

In August next a primary election will be held to nominate a United States senator, congressman, circuit judges and chancellors, but in addition to this regular election, who knows at this time that special elections will not be ordered for some municipal, county, district or State office to fill a vacancy occasioned by the death or resignation of the present incumbent? Even more important still, elections might be ordered for the issuance of bonds of some sort. Then it will be brought home to the delinquent taxpayers that they are deprived of any voice in the matter whether they favor or disapprove such issuance.

Some of our Mississippi Hoovercrats are getting slices of the pie dished out by the national Republican administration, and more of them are anxiously awaiting appointments to office as their reward for bolting the Democratic ticket in 1928. Had these hungry job hunters lived about 1900 years ago they would have been born companions of Judas.

FREQUENT EXAMINATIONS BY THE DENTIST.

By Felix J. Underwood, M. D.,
State Health Officer.

Two or three visits each year should be the experience of every child. Care of the first teeth is fully as important as care of those coming later. Most of us have seen children after too early loss of the primary teeth with under-developed jaws because the growth has been interfered with. We have also seen infected teeth cause injury to the second teeth in formation in the jaw. Babies do not learn to chew the food long and thoroughly if the teeth are giving trouble.

Every mother should take her baby to the dentist as soon as the primary teeth are all erupted. He will examine for fissures, tiny imperfections, which sometimes form in the enamel of the developing tooth and which only the dentist can find and correct. Proper treatment of these fissures prevents early decay. Return visits to the dentist should be made every few months for examination and cleaning until the permanent teeth begin to erupt.

Imperfections in first and second teeth must be found and promptly corrected if the teeth are to be kept sound. It may be stated truthfully here that an ounce of prevention is worth many pounds of cure.

See your dentist. Write to the Mouth Hygiene Division of the Mississippi State Board of Health for any literature you may desire.

DEMAND FOR SARGON BREAKS ALL RECORDS

Famous Medicine Rapidly Becoming Household Word Throughout America—24 Carloads Sold in 25 Days in 27 States—Overwhelming Demand The One Great Outstanding Proof of Its Wonderful Merit.

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but this of a medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply a demand that has been so phenomenal as to almost stagger the imagination.

That's just what has happened with Sargon, the celebrated medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-four carloads in 25 days sold in only 27 states is the amazing record made by these wonderful medicines.

In the State of California where Sargon was introduced in April of last year, it has required 21 carloads to supply the ever increasing demand in this one state alone. Texas dealers required 9 carloads in only four months.

A single New York firm, with wholesale branches in leading cities, is selling at the rate of over a million and a quarter bottles a year. "Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another. "We are selling more Sargon than any other ten medicines put together," said still another.

And so it is everywhere. Sargon has been introduced. From Coi to Coast and from the Gulf to the Great Lakes, Sargon is known and loved.

MANY CHEVROLETS TO BE SOLD DURING MONTH OF JANUARY

Brisk Demand for New Model, Says Chief, Establishes Brisk Demand for Month

Detroit, Mich., Jan. 22.—Chevrolet will sell more cars this month than in January a year ago, according to H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor Company, who announced on Saturday that the month's schedule had to be increased in response to the greatest reception a new Chevrolet model has received in the nineteen-year history of the company.

Directly on the heels of the first showing of the new car on Jan. 4, a flood of congratulatory messages poured into the home office from every quarter of the country. Every message told of unprecedented public interest in the new car and a consequent increase in retail sales, with the result that the January schedule had to be revised upward to meet dealer requirements for immediate delivery. Mr. Klingler said.

At Great Falls, Mont., rural prospects drove to the showrooms in sleighs to see the car. Chicago wired: "We will require in our territory more cars for the next three months than we received last year same period."

Messages from big and little towns struck the same note. Clovis, N. Mex., registered 500 in the showrooms the first day out of a population of 7,500. Minneapolis reported the largest first-day crowd in ten years experience, and Baltimore the sale of 105 cars before 5:00 p. m.

"At no time has the financial future looked better," said the Father-Son, N. J., dealer. "If there is such a thing as a one hundred per cent car I feel I have it." And from Seattle: "All dealers expect more business in January and February than last year."

Apt Pupil
Teacher.—An anonymous person is one who does not wish to be known. Who's that laughing in the class?
Voice.—An anonymous person.—Chicago Tribune.

Million upon millions have used it and have told other millions what it has done for them. When suffering men and women find a medicine that helps them, they naturally want to tell their friends about it, and in this way Sargon is fast becoming a household word throughout America.

AWARD TO BAY HIGH SCHOOL BOY

Murray F. Hawkins Captures Bronze Medal And Cash Prize From National

Recently the Highway Education Board, national organization with headquarters at Washington offered in its eighth annual contest prizes for the best essay highways, their meaning and use and betterment to country and people.

Murray F. Hawkins, pupil of Bay High School, was one of the successful contestants, and through the State Superintendent of Public Education was awarded a bronze medal and \$5.00 in cash.

This award was announced from Washington under date of December 31st, and on Thursday of last week, at chapel exercises, the award was made by City Supt. of Education S. J. Ingram. The occasion of presentation was made an event worthy of the dignity of the occasion and also to impress upon the minds of the children the question of safety on streets and highways, one of the points specially stressed by the Highway Education Board.

No Mystery
"I've been watching that mechanic for the last fifteen minutes. There's a man who knows his business. He didn't spill a drop of oil on the ground. He put down the hood gently, fastened it securely, and left no fingerprints on it. He wiped his hands on clean waste before opening the door, spread a clean cloth over the upholstery, meshed the gears noiselessly and then drove slowly into the street."

BAY HIGH BOYS—GIRLS WIN GAME HERE LAST WED.

Boys Defeat Long Beach Basketball Team, Girls Win Over Pass Christian

Wm. D. Hays, Jr.

The Bay High Tigers defeated Long Beach, 16 to 11, at St. Stanislaus gymnasium Wednesday night, while the girls were turning back Pass Christian, 26 to 2. In the boys' game, Bay High's first team seemed unable to work well together, and at the half an entirely different aggregation took the floor and remained in the game until the final quarter, when the regulars returned. Nolan Ladner displayed his usual fast floor-work for the Tigers, while Malcolm Cowand put up a good game also. For Long Beach, Genung played well at forward, while Alexander did well at guard.

In the girls' game, Frances King and Liso Erwin, at center, did the best work for Bay High. The Blazers used the second team during most of the game, and had no trouble in winning the game. Good work on the part of all the guards prevented the visitors from scoring a single field goal.

The line-up for the boys' game follows: Bay High: Ladner, forward, (4); Casanova, forward, Taconi, forward, Ramond, forward (2); Laurent forward; Mitchell, center (4); Beeson center; Maurig, guard; Toca, guard. Long Beach: Genung, forward (2); Maxwell, forward; Jones, forward (2); Young, center (2); Alexander, guard (2); James, guard (4); M. Cox, guard. Referees: Toca and Faygott; timer, Themoulet, scorer, Hays.

Outstanding characters were delineated with more than ordinary success by C. J. Gordon, Dr. J. A. Evans, Henry Osoinach, Carlos de Armas, Ben Hille, Dr. B. L. Ramsay, Gordon, Mrs. W. J. Gex, Jr., Miss Genevieve Green, Miss Mary Perkins, Mrs. Kenneth Peppere, Jerry Gordon, S. F. von Ehren, led the chorus line.

Farce Feature.
The Flapper Chorus was composed of business men of the city headed by Mayor Traub, Sr., and included: Peaches Browning—E. J. Arce-neaux, Service Station; Clara Bow, Dr. A. P. Smith; Greta Garbo, Charley Breath, Oakland Motor Co.; Ruth Elder, Douglas Bourgeois; Campus Flirt, Norton Haas, Haas Lumber Co.; Tillie the Toiler, Dick Cue, Board of Supervisors; Hard Henshaw, Hannah Mathilde Jane (School Teacher) Dr. Pat Cassidy, Atlas Drug Store; Powerful Katrinka, Dr. D. H. Ward; Jigg's Maggie, Frank Quintini, Quintini Market; Vamp of Bay St. Louis, Dr. W. S. Speer, Chiropractor; Cleopatra, Dr. C. M. Shipp, County Health Officer; Gold Digger, Waldo Otis, Manager Weston Hotel; Little Red Riding Hood, Leo Ford, Chevrolet; Zigfield's Choice, J. O. Carver, Gulfport Laundry; Helen Wills, Hub Canty, Standard Oil Co.; Sailor's Sweetheart, Fred Perench; Sweet Girl Graduate, S. J. Ladner, City Commissioner; Bride of 1948, Charles Traub, Sr., Mayor.

Mrs. H. U. Canty graced the occasion with a vocal selection and Miss Hermie Perkins was unusually pleasing in rendition of a single solo. Mr. Ben Hille also added to the evening's program with his well-known baritone voice in a number of selection from new stage and movie productions.

The glee club presented tuneful and well trained chorus numbers including the cast: Herman Casanova, Ed Nathan, Argle Mitchell, Dago Maurigi, Mac Cowand, Nolan Ladner, Dalton Hays, Ed Larreau, Dick Koch, Frank Burns, Warren Larreau, Stanley Reyes, Richard O'Leary Martin Turnbull, Andre Leche, Gerald Grebenberg, Jerry Gordon, Alfred 12, Jeanne Robert Camors, Anthony Glover, Julio Andrats.

Also the Girls' Chorus was most pleasing and was composed of Dorothy Chauvet, Ruth Chauvet, Anna Mae Blaize, Marie Quintini, Kathryn Scaffie, Helen Wolfe, Effie Graham Power, Antoinette Partridge, Gertrude Partridge, Loretta Smith, Marjorie Banderet, Edith Ansley, Joan Mauffray, Dorothy Hubbard, Elsie Mae Smith, Elizabeth Crawford, Gene Kalinski, Hazel Kergosien, Lenda Peacock, Vivian Tellhard, Yvonne Leigh Toquet, Lois Ansley and Adele Schieb.

In commenting on the play it must be noted that while the players did unusually well and drew crowded houses both nights and won unstinted applause, they had an exaggerated and impossible plot to work out, and it was necessary for one to draw on his or her imagination in the "make believe."

The choruses, solos and other numbers, not forgetting the baby pageant, contributed appreciably to make the entertainment fill an evening's program. It would seem there are a whole lot of other plays not more difficult and with better and more plausible plot.

The net amount for the King's Daughters hospital building fund is \$145.42.

BENEFIT COMEDY IS SUCCESSFUL

"Aunt Lucia," Farce Play, For Hospital Building Fund, Scores Heavily.

The Universal Producing Company, with booking headquarters at Fairfield, Iowa, represented here by Miss Marjorie McHugh, of Independence, Mo., presented the collegiate comedy, "Aunt Lucia," at the Bay High school auditorium Thursday night, and drew a large and appreciative audience, Miss McHugh coaching local talent participating. How well Miss McHugh succeeded is best evidenced by successful manner in which the entertainment was presented.

Directed by the Universal Producing Company, the entertainment was presented under auspices of the King's Daughters of this city, funds realized appropriated to the hospital building fund.

C. J. Gordon, of this city, and of no mean histrionic ability, portrayed the character of Aunt Lucia, and was ably assisted by the following cast, easily above the average.

Prof. Gadis, Dr. J. A. Evans Collins (Dick's Father) Henry W. Butter and Egg Man from Omaha—Arthur A. Scaffie, Carlos de George (Jerry's) Pal—Carlos de Dick (Another of Dick's friends)—Ben Hille

Ist. Freshman—Dr. B. L. Ramsay 2nd Freshman—Warren Traub Dr. Seamore (Pres. of the College)—C. A. Gordon

Cheer Leader—Emile Larreau Fraternity President—Martin Blaud Glee Club Leader—S. F. von Ehren Betty—Beatrice Smith Molly—Mrs. W. J. Gex, Jr. Ethelyn—Genevieve Green Dean Howard—Mary Perkins Mrs. Seamore—Mrs. Kenneth Peppere

Messenger Boy—Edmund Fahey, Jr.

Outstanding characters were delineated with more than ordinary success by C. J. Gordon, Dr. J. A. Evans, Henry Osoinach, Carlos de Armas, Ben Hille, Dr. B. L. Ramsay, Gordon, Mrs. W. J. DOESN'T TIME FLY?

LOCAL HAPPENINGS CHRONICLED IN THE SEA COAST ECHO

TWENTY YEARS AGO

Mr. John (Boy) Bangard, of New Orleans, is spending a few days here visiting relatives and friends.

Mr. A. Scaffie went down to New Orleans on Monday to attend the funeral of his friend A. Matrang. This one of the largest funerals seen in New Orleans in many a day, with 90 carriages in line, testifying to the general esteem in which the deceased was held.

The building in Main Street, formerly known as the Gragon bakery, a veritable Bay St. Louis landmark, was demolished during the week and the oven sold to H. A. Perre. The entire property was sold a few days since to E. H. Hoffmann by the owner, Gilmore Fayard, the owner, M. E. Ansley negotiating the sale, and the consideration was \$2900.00 cash. Mr. Hoffmann made the purchase to give more yard room to his residence.

Mayor Gardebled is improving so rapidly from the injuries he received recently in falling from a defective scaffold as to be able to be up and out again, although on crutches.

Hon. W. W. Stockstill, who is practicing law at Poplarville and Bay St. Louis, is spending a few days in this city, visiting home and attending to legal affairs, and also to attend the K. of P. given on Thursday night, of which order he is a prominent and influential member.

The death of Anthony Matrang, chronicled elsewhere in this week's Echo, which occurred at his home in New Orleans last Sunday is learned with much surprise and deep regret. Mr. Matrang had not been ill, in fact he was apparently in the best of health, and his demise was entirely unexpected. Having resided here a dozen or more years, educating his children at the local institutions, the family was well and favorably known. He will be remembered for his many acts of charity and his liberal assistance in all matters of succor pertaining to his church. His assistance was ever ready and his purse always open to a charitable and religious cause.

A little daughter appeared at the home of Mr. and Mrs. R. Perkins on Saturday last, and the president of the Imperial Naval Stores Company is receiving the congratulations and best wishes of his friends.

TEN YEARS AGO.
The year 1920 ought to see the building of the highway bridge across the bay of St. Louis.

Mrs. Schwartz is entertaining her sister, Mrs. Foraris of Morganza, La., at the Klock Hotel for the holidays.

Judge J. A. Breath, Mr. Charles A. Breath, Mr. L. Egan and Misses Thelma and Edwidge Egan attended the Baptiste-Calgone wedding in New Orleans Wednesday.

STANISLAUS COLLEGE ECHOES

Last Saturday morning Father Fahey explained to the Sodality the uses of, and the significance of the different vestments that the Priest uses at Mass.

His talk was an interesting one, and in it he explained how, for each day in the year, the Priest must wear the robes or vestments which the Church has designated to be used at the celebration of Mass on that day.

Each vestment, which he explained in the order of which they are worn, carries a special significance. Each of them represents some particular of Christ's Passion and death. The different colors also carry a meaning which he explained in detail.

Geo. Falgout, the President of the Sodality read a letter to the boys from Fr. Mulry. Fr. Mulry stated that the Convention, which they intend to hold in New Orleans, to all appearances will be a success. He closed his letter by saying that he hoped we, the boys of the Sodality, would send a delegate to this convention. Come on fellows! Let's get busy and do that.

The Stanislaus Rock-a-Chaws, defeated the Hope Haven basketball team in a one-sided contest. The Rocks got a fast start, and kept up this pace until the whistle blew to end the first half. During this period the Rock-a-Chaws defense was "airtight." Hope Haven succeeded in scoring nine points, while Stanislaus stood on the long end with "28" twenty eight points.

In the second half Coach Perkins chose to send out his "wrecking crew" to match their wares against the Hope five that had battled during the first period. With the handicap of a slow start the "crew" gradually settled down and were soon tossing the ball for one goal after another. But the Hope Haven quintet fought back gamely, managing to score a few points, against their new opponents.

Then came the slaughter the five regulars came back and swept the opponents off their feet. During the remainder of the game Stanislaus was able to score at will. When the final whistle was blown the score board read Stanislaus 54, Hope Haven 28.

IN SOCIAL CIRCLES

(By Our Society Editor)

MRS. S. A. POWER ENTERTAINS INFORMALLY.

Mrs. S. A. Power was hostess Saturday night at her home on the North Beach Boulevard to a most delightful occasion, a "spaghetti supper," thoroughly informal and to which only close friends from the immediate neighborhood were invited. The party was, in a measure, a return to similar parties given by some friends during the holiday season. Mrs. Power always charming and resourceful hostess, was assisted in entertaining during this all-charming occasion by Mrs. Kenneth W. Pepperdene. Many high spots of fun featured the evening.

MISS LORCH ENTERTAINS AT WINTER HOME.

Misses Carrie and Irwina Lorch were joint hostess Wednesday afternoon to four-table bridge party at the family winter home, 2323 Napoleon avenue, New Orleans, one of a series of afternoon parties they plan for the pre-Carnival season. For this occasion Mrs. E. J. Leonard, of this city, and Mrs. Elise Ferrandou, Bay St. Louis summer residents, were guests. Mrs. Adam Lorch assisted entertaining.

MRS. C. M. WEEKS HOSTESS AT BRIDGE LUNCHEON.

Mrs. C. M. Weeks, popular and clever hostess in local circles, entertained Thursday afternoon at a dainty luncheon, at the Oriole Tea Room, presided over by Mrs. Orie M. Pollard. Mrs. Weeks' party was marked for the beauty of every appointment of detail and the charm of her radiating personality in entertaining her guests. The luncheon and bridge matinee as an event was one of the outstanding events of the social calendar of the week. More of this party in this column next week.

CARNIVAL FUNCTION AT NEW ORLEANS NEXT WEEK.

Invitations and "call outs" for the exclusive Carnival ball of next week at New Orleans, to be given by the Krewe of Nereus have reached this city and a number of those thus favored will attend. This ball is the first of the number that will follow one another in succession from now on until Carnival, March 4.

TO RESUME AFTER FORTNIGHT'S RECESS.

The Saturday Evening Players, one of the several organized bridge clubs of Bay-Waveland socialism, will resume entertainment Saturday evening, playing at the home of Mr. and Mrs. Kenneth Pepperdene. This will follow after a fortnight's recess of the club, other social events intervening.

CHARMING VISITORS TO FAIR CITY RETURN HOMEWARD.

Lovely visitors who graced our city with their presence, recently, on the recent occasion of the convention of members of the Supreme Council of Kappa Sigma fraternity, have departed for their respective homes. In addition to the number registered at Inn-By-The-Sea, Mr. and Mrs. Geo. R. Rea had as their house guests in Washington avenue, Mr. and Mrs. Rolfe Bradford, of Denver, Colorado; Mr. and Mrs. W. W. Kergan, of San Francisco, California; Mr. and Mrs. Rea entertained at their home on a sumptuous dinner of twelve covers, and an affair of surpassing beauty.

"TACKY PARTY"

One of the enjoyable socials of the Women's Missionary Society of the First Baptist Church of the present month was the surprise party given Saturday night to Mrs. A. B. Day and daughter, Mrs. J. C. Bryan, both valued Members of the organization. About 20 of the ladies assembled at the Day home for the surprise. Most unusual were the costumes of the evening as everyone came garbed in achieving extraordinary effects. The fun of enjoying the costumes occupied the ladies for some little time and the judges finally awarded the prize to Mrs. W. O. Sylvester as the "tackiest." A number of gifts were presented to the honorees, these gifts arranged in keeping with the "tacky" spirit but when the packages were opened disclosed lovely gifts. The surprise friends brought with them, prepared for serving refreshments of chicken salad and hot chocolate. This delectable food was served in true pioneer fashion with tin plates and pot lids performing duty as serving plates. Hilarious good fun was the keynote of the gathering.

A T THE ORIOLE

Mr. and Mrs. R. Phillip, Jackson, Miss.; Mr. Clyde Phillip, Jackson, Miss.; Mr. and Mrs. O'Neill, New Port, New Hampshire; Mr. and Mrs. Dan Pfeiffer, New York; Miss Laura Kennedy, New York; Mr. Jack Haines and Son, New York; Judge M. S. Reiser and daughter, Mildred, Galveston, Texas; Mr. and Mrs. Robt. Langdon, Boston, Mass.; Col. Morgan and secretary, Mexico City, Mexico; Mr. Lindorse of Hattiesburg; Mrs. Margaret Vick, Gulfport; Mr. and Mrs. Frank Wilson, South Bend, Ind.

In spite of the handicaps of bad weather and coldness, Smythe, Lang, and Kidd are the high scorers for Bro. Conrad's Juniors, while Angelico, Stakelum, Brusseau, Garcia star for the league.

The work on the new building at St. Stanislaus for the dormitory, science hall, chapel, and study hall was delayed on account of the cold weather and the rain. Work on the building is under way and the forms are ready for the pouring of concrete as soon as the weather turns a little warmer.

The building is expected to be completed in five months time. There are little chances of it being finished for this term of school but it will be ready for the next session.

WORK AND PLAY AT S. J. A.

Superiors From France Visitors at S. J. A.

Two of the Superiors of the Congregation of the Sisters of St. Joseph, from the Mother House which is situated in Bourg, France, are now visiting S. J. A.

They will be here for several weeks and will inspect the various classes. We felt most honored at having these Mothers with us and will do our best to show them just how glad we are that they have come such a long way to visit us. We wish to make them realize all that S. J. A. means to us.

The French Mothers witnessed their first Basket Ball game Sunday and seemed much impressed by this typical American game and well pleased with the agility and skill displayed by the Jays. We extend a cordial welcome to our Mothers and hope that their stay here will prove a most enjoyable one.

BASKET BALL

The Jays Are Off At Last.

The Jays played their first game this season on Wednesday last. They were a long time in getting started but now that they're off we can depend on a lot of action from them.

As we had expected the "Gold Jays" defeated the "Plucky Six" of Pass Christian by a large margin—the final score being 34-19. A second game was played that same afternoon between the "Crickets" of Pass Christian and our Grammar Grade team, the "Blue Jays." Although this was the first game that the majority of the girls on both teams had ever taken part in they showed much pep and vim and a true Basket Ball spirit. The "Crickets" fought hard but the "Blue Jays" were too much for them having caged 34 goals to their 16.

They Came, They Saw—But They Did Not Conquer.

Disappointment reigned supreme at S. J. A. Saturday night when the Holy Angels phoned from New Orleans that on account of the severity of the weather they would not be able to come for their scheduled game on the following afternoon.

Disappointment was changed to joy on the following morning when the Holy Angels again phoned, stating that they had reconsidered and would be in by the 9 o'clock train.

Something went wrong, for they missed the 9 o'clock train and did not arrive here until a quarter to one. They were met at the station by several cars and taken to the Academy where refreshments were served.

The Gold Jays started the ball a-going and kept it in their territory throughout almost the whole of the four quarters of the game. The final whistle found them with 24 goal points to the Holy Angels 5.

The Red Jays followed the example of their big sisters and played an energetic and peppy game which spelled victory for them with a score of 28-14. The Holy Angels were the best of sports, and when time came both teams seemed loath to separate. The Jays will play a return game with the Holy Angels in New Orleans some time in the near future.

Jays to Play Mt. Carmel Academy Sunday.

The Jays are to play another preliminary to the boys' game at the S. S. C. gym Sunday afternoon. They are scheduled to meet the girls of Our Lady of Mt. Carmel Academy from New Orleans.

Don't fail to be there at 2:30 Sunday afternoon to help the Gold Jays win another victory.

WARNING!

To Whom It May Concern—

There are many persons in the First Room who consider themselves funny.

We admit that they are funny—but funny peculiar, not funny ha-ha! However we found no fault with these embryo wisps until they made a certain secret society the point of their remarks.

This society was organized for sweet charity's sake, and its charitable purpose is accomplished daily. While its members are fulfilling their duties, (feeding starving-er-er-Americans), many would be witticisms are directed at them.

This brings much unpleasant notice to the society, and it must stop. We announce that henceforth anyone who is clever or funny at the expense of this organization will have an appointment with us at 3.00 A. S. (After School).
